

PRECISION ENGINEERING MACHINE TOOLS TECHNOLOGY SHOW

07 08 09 10 OCTOBER 2024

PUNE INTERNATIONAL EXHIBITION CENTRE - MOSHI

ORGANISED BY CKD BUSINESS TECHNOLOGY

PRECISION ENGINEERING MACHINE TOOLS TECHNOLOGY SHOW

07 08 09 10 OCTOBER 2024

PUNE INTERNATIONAL EXHIBITION CENTRE - MOSHI

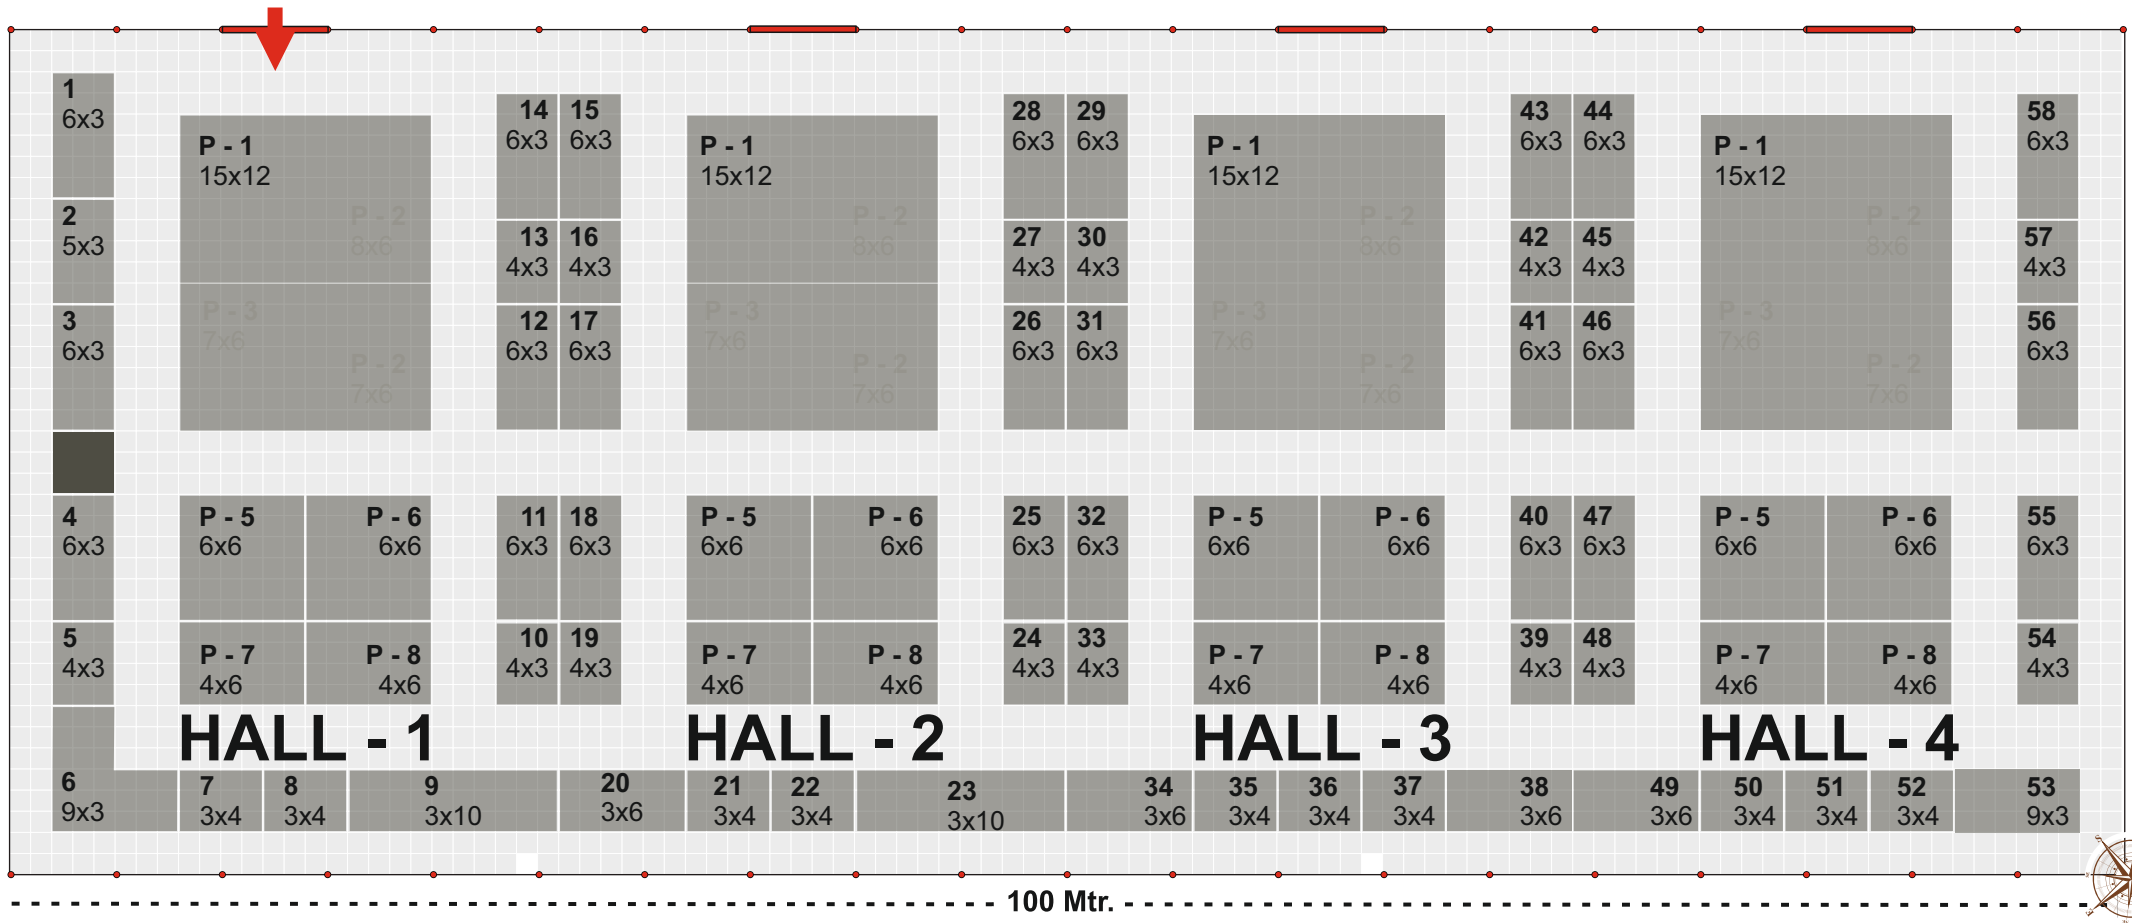

ZONE - A

METAL CUTTING: A wide range of CNC machines, including multi-axis, VMC, HMC, wire-cut, EDM, hobbing, bevelling, grinding machines,

CUTTING TOOLS: Carbide, Tungsten, and Diamond, specialized cutting tools, Drills, Inserts, Tips, Abrasive Tools, Power & Air tools, work holders.

METAL FORMING: laser marking, cutting, plasma, welding, bending, power press and press brake machines,

METAL FINISHING: Grinding, Vibrating Screen, Product Cleaning, finishing, Polishing, Coating equipment, and Foundry, Blasting, Forging and Die-casting,

PRECISION ENGINEERING MACHINE TOOLS TECHNOLOGY SHOW

07 08 09 10 OCTOBER 2024

PUNE INTERNATIONAL EXHIBITION CENTRE - MOSHI

ZONE - B

METROLOGY: Testing, measuring, inspection, calibration, Coordinate Measuring Machine, Mechatronics - mechanics, electrical, electronics.

3D & ADDITIVE MANUFACTURERS: Reverse Engineering, CAD/CAM software, 3D scanning and printing technology, polymers, composite materials,

AUTOMATION & ROBOTICS: Motion engineering, drive and control systems, applications in the most mechanised manufacturing to improve production controls.
